are welcome.

Beldia and Theodore.
Beldia has been turned over to Max-
field again. She and Walker did not
agree. She broke repeatedly, and
would not trot a little bit. Maxfield
had her a week and then stepped her
mule in 2 1/2 without a break. She
went five heats and is apparently all
right again. Maxfield's horses are all
doing well. A 3-year-old by Directum
Kelly covered an eighth in 16 1/2 seconds,
a 2:52 clip; Cythera, pacer, 3 years old,
by Direct, stepped an eighth in 17
seconds; Alwa Vestra, trotter, by
Directum, worked a quarter in 34 seconds;
Directum, trotter, full brother to Direc-
tum Kelly, worked an eighth in 17 1/2
seconds; Indirectly, trotter, by Direct,
worked a full mile in 2:28, last quarter
in 33 1/2 seconds; Wizard, by Directum,
worked a mile in 2:28, last quarter in
36 seconds. The most of these are
young things which are being kept in
condition. Beldia, however, will be
used the remainder of the season.
She has not performed this season so
far.

Carpet Cleaning.
Now is the time to clean carpets. If
you want your carpets taken up, cleaned
and laid down, send word to D. Doughlas,
100 Park Street, Montclair. Mr. Dough-
las has had years of experience in car-
pet cleaning, and has a large patronage
in this town, Glen Ridge and Montclair.
These intending to move can have their
carpets taken up, cleaned and relaid on
short notice. The work will be well and
promptly done.—Advt.

Church Notes.

The camp meeting at Mt. Tabor was
concluded this week and was one of the
most successful for many years. The
sermon by Rev. Charles A. Cook of this
town was much appreciated. Dr.
Woodruff had charge of the preaching
services of the entire meeting.

Dr. Woodruff having returned from
his vacation will occupy his pulpit at
the Park M. E. Church Sunday at 10:30
A. M. and 7 P. M. The Holy sacrament
will be given at the morning service.

The congregation of the First Presby-
terian and the Westminster Presbyter-
ian Churches, which have been holding
union services for several weeks past,
will resume services in their respective
churches on Sunday, September 13.

The Rev. Charles A. Cook's duties
as pastor of the First Baptist Church
will terminate on October 1.

The official board of the First Baptist
Church held a meeting at Joseph B.
Maxfield's house Wednesday night to
hear the report of the committee to
whom was referred the resignation of
the Rev. Charles A. Cook as pastor of
the church. The committee reported
in favor of conceding the pastor's re-
quest, and the matter will be laid
before the congregation at to-morrow
morning's service.

Rev. and Mrs. Elliott W. Brown have
returned from their vacation, part of
which was spent in Chicago and part
at Winona Lake, Indiana, the seat of
the Winona Assembly and summer
school. Mr. Brown will preach in the
Glen Ridge Church to-morrow morning.

The Rev. F. G. Blight of the Wata-
sonville M. E. Church, who spent the
month of August at the seashore has
returned home and will occupy his pul-
pit as usual to-morrow.

East Orange Water Supply.

Engineer C. C. Vermuele's plans of
the proposed independent water plant
for East Orange were unanimously
approved by the East Orange City
Council. The plans were endorsed by
I. A. De Varona of Brooklyn, who was
engaged by the Council to look over
them. Chairman Gedney of the Water
Committee was the only member of the
Council who was not present. Council-
man Oughthorpe severely criticised him
for his attitude on the water question.

The various reports and specifications
were read in detail, and in them it was
declared that a daily supply of 5,000,000
gallons would be available. The pur-
chase of additional land on which to
sink wells was advocated by Mr.
De Varona. Many citizens attended
the meeting, and several of them ad-
dressed the Council, notably George H.
Austin a member of the Citizens' Union,
and Engineer Morris B. Sherrard of the
Newark Board of Street and Water
Commissioners. The latter showed
that Newark was anxious to continue
the present sale of water to East
Orange by offering to scale the price
down to \$45 per million gallons, the
present rate being \$80, based upon a
ten-year contract.

Carroll P. Bissett was another speak-
er, and he warned the Council that a
legal action might be precipitated. He
claimed that the Essex Union Water
Company had certain vested rights in
the watershed which East Orange pro-
posed to develop. City Attorney Wood-
ruff, however, gave his opinion to the
effect that the Council was running no
risks.

Empire Theatre.

None of the children will want to
miss the performances of the "Royal
Lilliputians" at the Empire Theatre,
Newark, for the week beginning Mon-
day, September 7, as this organization
is always a popular one with the little
folks. With the company again this
season are the wonderful little artists,
Franz Ebert, Selma Goerner, James E.
Rosen, Queen Mab, Louis Merkel,
Howard Knowles, Martha Wale, Elsie
Lau, and Al Rice. Aside from the
above mentioned there are forty artists
and the scenic environments and ac-
tresses are said to be on a very elaborate
scale. Matinees Monday, Wednesday
and Saturday.

A Reasonable Objection.

Objection is again being made by the
Belleville authorities to taxation by the
county for parks without having a
portion of the park system in that town.
It was designed originally that a por-
tion of the park system should be laid
out in the town, but the plan was
never carried out. The matter was
brought up Tuesday night by Commit-
teeman Ashworth, who, after stating
that the people had shown sufficient
patience, offered a motion which was
adopted, directing the clerk to write to
the Park Commission and ascertain
what part of the system was to be
allotted to Belleville.

Labor Day at Cranberry Lake.

On account of Labor Day celebration
at Cranberry Lake the Lackawanna Rail-
road Company will sell tickets to that
point at the regular Sunday excursion
rate, good on all trains. In addition to
regular trains for that day, a special will
leave Cranberry Lake at 7:23 P. M. for
Dover, Morristown, and all stations to
Newark; also for Boonton, Paterson and
Passaic to Hoboken.

Fixing Tickets.

It is the opinion of the three men who
constituted the commission that drafted
the primary reform law which the Legis-
lature of last winter passed after chang-
ing it rather materially as to certain of
its features, that the statute gives the
right to use official ballots other than
those provided by the election officers,
and also that a voter may use a ballot
that he or somebody else has prepared
in advance for his use.

County Counsel Joseph L. Munro, who
was a member of the commission, says
that his attention had been called to the
conflict of opinion among lawyers as to
whether extra official ballots, prepared
either by the voter himself or by some-
body else with his authority, may legally
be voted and counted.

Differences Adjusted.

The differences between Mrs. Samuel
Jassen of Garden avenue, Belleville, and
her thirteen-year-old daughter Hazel,
who has run away from home three
times in less than a week, were ad-
justed Thursday night before Justice La
Faurie. At the conclusion of the
talk the girl consented to return home.
Each agreed that at the first outbreak
on the part of the other she would re-
port the matter to the magistrate.
The girl was brought to the justice's
office in the afternoon by Mrs. Charles
Lockwood of this town, to whose house
she went after leaving home on two of
the three trips. Mrs. Jassen had sent a
telegram to the Lockwood family. It is
said, threatening to prosecute them un-
less they ceased to harbor the girl.

Tagliani vs Mrs. Carlyle Saw Her.
In the "New Letters and Memorials
of Jane Welsh Carlyle" is the following
quaint and caustic comment on Tagli-
ani:

"I saw a very curious sight the other
night, the only one I have been to for
a long time—viz, some thousands of
the grandest and most cultivated peo-
ple in England, all gazing in ecstasy
and applauding to death over a woman;
not even pretty, balancing herself on
the extreme point of one great toe and
stretching the other foot high into the
air, much higher than decency ever
dreamt of. It was Tagliani, our chief
dancer at the opera, and this is her
chief feat, repeated over and over to
weariness—at least to my weariness.
But duchesses were dinging bouquets
at her feet, and not a man, except Car-
lyle, who did not seem disposed to
fling himself. I counted twenty-five
bouquets! But what of that? The em-
press of all the Russias once in a
fit of enthusiasm flung her diamond
bracelet at the feet of this same Tagli-
ani—"virtue its own reward" (in this
world)? Dancing is and singing and
some other things still more frivolous.
But for virtue? It may be strongly
doubted, as Edinburgh people say to
everything one tells them."

Police-men of the Sea.

Revenue cutters are the policemen of
the high seas. They have regular beats
to patrol along the coast, looking for
vessels in distress, suppressing smug-
gling, illicit salt hunting and mutinies.
They also enforce quarantine regula-
tions, examine ships' papers, supply
lighthouses and act as life savers, am-
bulance corps, fire department and mes-
senger boys generally for the govern-
ment at sea.

The first revenue cutters were built
at the order of Alexander Hamilton
when he was secretary of the treasury,
and except in war time, when they are
subject to the authority of the navy,
they are still under treasury depart-
ment orders. Strange to say, however,
it is in times of peace that revenue cut-
ters fight their hardest battles. They
save many lives and property that is
estimated at many millions yearly. Their
name gives little idea of the great and
varied service they render the country.

He Met His Match.

The Russian marshal Suvaroff was
known as a jester and was fond of
confusing the men under his command
by asking them unexpected and ab-
surd questions. But occasionally he
met his match. Thus, one bitter Janu-
ary night, such as Russia only can pro-
duce, he rode up to a sentry and de-
manded:

"How many stars are there in the
sky?"

The soldier, not a whit disturbed, an-
swered coolly:

"Wait a little, and I'll tell you." And
he deliberately commenced counting.
"One, two, three," etc.

When he had reached 100, Suvaroff,
who was half frozen, thought it high
time to ride off, not, however, without
inquiring the name of the ready reck-
oner. Next day the latter found him-
self promoted.

W. W. Keyler's Unusual Offer.

Sell Dr. Howard's Specific at Half-Price,
and Guarantee a Cure.

"It isn't often that I have felt
enough in the medicine put up by other
people to be willing to offer to refund
the money if it does not cure," said
W. W. Keyler to a CITIZEN man who
dropped into his store, "but I am glad
to sell Dr. Howard's specific for the
cure of constipation and dyspepsia on
that basis."

The Dr. Howard Company, in order
to get a quick introductory sale, author-
ize me to sell their regular fifty cent
bottles at half-price, 25 cents, and al-
though I have sold a lot of it, and have
guaranteed every package, not one has
been brought back as unsatisfactory.

"One great advantage of this speci-
fic," he continued, "is its small dose
and convenient form. There are sixty
doses in a vial that can be carried in the
vest pocket or purse, and every one has
more medicinal power than a big pill
or tablet or a tumbler of mineral water."

"I am still selling the specific at
half-price, although I cannot tell how
long I shall be able to do so, and any
one who is subject to constipation, sick
headache, dizziness, liver trouble, indig-
estion, or a general played-out condi-
tion, ought to take advantage of this
chance. You can tell your readers that
if they are not satisfied with the specific
they can come right back to my store
and I will cheerfully refund their
money."—Advt.

The Passaic Valley Sewer.

The commission of three members
appointed by the Governor of New York
to consider the proposed discharge of
the Passaic River trunk sewer into New
York Bay, near Robins Reef light, has
written to Governor Murphy requesting
a conference upon the subject. The
Governor has directed the reference of
the matter to the Passaic River Dis-
trict Commission, and a conference will
be arranged.

The New York Commission was ap-
pointed as the result of an agitation
in the Legislature against the proposed
discharge of the sewer into New York
Bay. It was claimed it would create a
nuisance and action to prevent it was
proposed. It was finally agreed to have
a commission investigate it, and this
body has organized and now asks a
hearing. There are claims to the
effect that New York State has certain
police and sanitary control over all of
New York Bay, and while the sewer
would be constructed and would dis-
charge entirely inside New Jersey's
boundary line, it would be a nuisance,
and therefore in New York's power to
prevent. New Jersey has claimed that
New York could not control the matter,
but that in any case no nuisance is
contemplated and no injury would be
inflicted.

Belleville Week.

The first circuit championship ever
held under the N. O. A. on Sunday will
be run off at the Belleville track near
Sunday. The distance will be one-half
mile for championship points. The
management has for some time tried to
get a sanction to hold a meet for points
under the N. O. A., but has never been
successful until now. Besides the half
mile championship there will be a five
mile pro, half mile open amateur, one
mile handicap amateur, and two-third
mile novice.

On Monday, Labor Day, there will be
a good card at this track also: Twenty-
five-mile amateur championship of the
State, a one mile amateur handicap, a
one-third mile open, and the usual two-
third mile novice. There will also be a
five mile amateur event for members of
the St. George wheelmen. These races
will be run under the auspices of the St.
George wheelmen. Entries have been
received from the best amateur riders in
this section and the hard promises to
draw a good crowd.

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages and
that is Catarrh. Hall's Catarrh Cure is
the only positive cure now known to
the medical fraternity. Catarrh being
a constitutional disease, requires a con-
stitutional treatment. Hall's Catarrh
Cure is taken internally, acting directly
upon the blood and mucous surfaces of
the system, thereby destroying the
foundation of the disease, and giving
the patient strength by building up the
constitution and assisting nature in
doing its work. The proprietors have
so much faith in its curative powers,
that they offer one Hundred Dollars for
any case that it fails to cure. Send for
list of testimonials.
